Sushant Rana

SUMMARY

AI/ML Engineer in training with hands-on experience in machine learning, computer vision, and Python-based automation. Proficient in Python, Java, and C++, with expertise in OpenCV, Mediapipe, scikit-learn, and deep learning frameworks. Built real-time AI systems achieving high accuracy in pose tracking and automation.

SKILLS

Programming Languages: Java, python, C++

AI/ML & Data Science : Python, NumPy, Pandas, Matplotlib, scikit-learn, TensorFlow, PyTorch, OpenCV

Web Development: HTML, CSS, JavaScript, BootstrapDeveloper Tools: Git, VS Code, Jupyter, Anaconda

Soft skills : Problem-Solving, Logical Thinking, Adaptability, Continuous Learning

Languages : English, Hindi

EXPERIENCE

Java Developer | Bharat Intern | May 2024 - June 2024 | Roorkee

- \bullet Built microservices architecture with Java + Spring Boot, improving scalability by 50%
- \bullet Developed RESTful APIs, boosting data exchange efficiency by 30%
- Designed custom algorithms in Java, reducing computation overhead by 25%.

PROJECT

FIGHTCAM-MOTION CONTROL LINK

- Developed real-time gameplay automation tool using Mediapipe + OpenCV.
- · Achieved 30 FPS pose tracking and 92% move prediction accuracy.
- · Automated in-game actions via PyDirectInput based on ML-triggered logic.

Portfolio LINK

- Designed and built a personal website showcasing AI projects, research, and achievements.
- Demonstrates expertise in deep learning, data analysis, and building end-to-end ML solutions.
- · Highlights real-world applications such as image classification, object detection, and model optimization

EDUCATION

B.Tech

COMPUTER SCIENCE • COER UNIVERSITY • Roorkee, Uttrakhand • 2026

<u>Intermediate</u>

PCM • SKYWARD SEN SEC PUBLIC SCHOOL • Roorkee,Uttrakhand • 2021

HIGH SCHOOL

SKYWARD SEN SEC PUBLIC SCHOOL • Roorkee, Uttrakhand • 2019
